The catfish is farm raised in Macon, Mississippi. The oysters are harvested on the Gulf coast, somewhere between Apalachicola and Galveston. The chickens are fed a vegetarian diet and raised cage free. The kale and most of the lettuces are grown hydroponically here in Jacksonville. The pork chops are from naturally raised Duroc hogs. The tempeh is from Gainesville. The popcorn shoots & maybe some other stuff is from Ponte Vedra Beach. Pretty much everything is made from scratch. We try not to, but sometimes we run out of things.
